Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. ProClip USA, Inc. shall have no liability for damage or injury resulting from the installation or use of any ProClip or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. ProClip USA, Inc. product warranties do not cover the installation, removal or re-installation of any product.

Attention:

Carefully read all instructions and review the images before installing this product.

1. Choose a suitable location for disc installation. Do not place mount in or near an air bag deployment zone or where it will obstruct view of the road or hinder vehicle operation. Clean the dash or console surface area thoroughly with the included alcohol pad. Allow the area dry before applying the mounting disc. Remove the paper backing of the disc and place on the cleaned surface. Press the top of the disc down firmly to allow the adhesive to stick to the surface. Allow 24 hours for the adhesive to cure to the surface before applying any pressure.

2. Find a safe location on the interior of the vehicle's windshield to mount the pedestal. Firmly push the suction base against the windshield and flip the base lever down to the locked position.

3. To attach the holder to the Locking Move Clip Female Plate: Slide the tilt swivel holder base plate into the Locking Move Clip Female Plate.

To remove the Locking Move Clip Female Plate:

Press forward on the tab on top of the Locking Move Clip Female Plate and slide the holder out.

4. The suction cup mount is in place.
